

Ok,

So no one is stepping forward to take the chair position and we have about a week and a 1/2 to get this together. I think it's too late to bail out, so I will step up and chair. As chair I will keep a list of all of the items, who is taking care of that item and if we need to pay anyone.

We need to decide how many people we expect. Deawn needs to know for the sausage. (Tonia, did Stacey have any idea?)

I know we are all very busy, but we really need people to step up and gather the following items for the breakfast. You can get them donated (best for our profit level) or we can discuss how to get them paid for. Without all of us working together to get these items we have no breakfast.

eggs
pancake mix
plates, silverware, napkins
syrup
hot plates to cook on
juice, coffee, milk
get the breakfast/bazaar on the fire hall boards
donation boxes for the breakfast
signage around the area
sausage is taken care of by the Meinzen family (thanks Deawn and Ted)

The quilt is also on the docket and we need to get the following things done for it.

raffle tickets
pictures and posters
places to display

By the way we made \$69.50 at the Halloween Carnival. So we now have \$163.76 to work with. Please reply all to any emails so we can all stay informed. I sent our notes to Norman to put on the web and asked if we could send random updates. I'll let you know what he says. Check the LR web page for stuff too. Also, please forward to anyone not on the email above. You can also direct people to my email if they have questions; preston1163@msn.com

Thanks everyone,
Nancy
