A Note From Heather

As the former Family Resource Coordinator, I would like to give a warm welcome to our new Coordinator, Shelly Cowan. Although this may be confusing for some of you to have a new coordinator, let me explain to you why you do. The Family Resource Center is brought in to our school by matched government funding. In doing this, the maximum time that a coordinator can serve is 2 years. I have now served my 2 years and now it is Shelly's turn.

I thoroughly enjoyed my time at Lone Rock, and you will continue to see me around the school. I am still a member of PTM, I will be helping out with the school store, and I plan on helping Shelly out with FRC and FRC planned events.

Thank you to all who helped make my 2 years at Lone Rock fun and successful. I am hoping that you all contribute your time and talents to Shelly and the FRC to help her to have the greatest year ever!

Thank you again, and best wishes to Shelly! ~Heather Hudson

We Have Winners

Congratulations to last night's winners at the FRC booth. Renee Hill won the Safeway Gift Card, Kim Tiplady won the Bob Ward and Son's Gift Card and Mrs. Miller won the Yankee Candle!! Thanks everyone for a great night!!

Bus info

The bus drivers would like to request that parents who are dropping their students off refrain from stopping behind the handicapped parking spaces in order to allow the buses to have enough room to make their wide arched turns just prior to letting the kids off. Thanks for your consideration.

A Note From Shelly Cowan

I received a letter from Mr. Dennis Kinzey as I am sure most of the rest of you have regarding H1N1. In an effort to inform and possibly help protect you and your family, Lone Rock FRC will be hosting a **Health and Safety Fair on October 9th from 3-8pm.** We will have many different booths covering a variety of different areas. One that I am very excited about is **the “Germ Kit” booth.** This booth, sponsored by Child Care Resources, teaches proper hand washing technique in a fun and creative way. It will help your kids “SEE” exactly what they miss when they wash their hands and how they can better prevent illness with proper hand washing. It’s possible that we parents might learn a thing or two as well! I look forward to seeing you there. Watch upcoming Newsletters for more booths we will be offering at the Lone Rock School Health and Safety Fair!

Special Thanks

Special Thanks go out to Wal-Mart and Lone Rock parents Kim Holsten and Shelly McDonald who partnered to provide 10 Lone Rock teachers with \$100 gift cards to be used for class supplies. This was truly a great surprise and it was made even more special by a delicious and immaculately decorated teacher appreciation chocolate cake. Kim and Shelly, there was loud applause for you all around when we announced your gifts, and we want you, Wal-Mart and the rest of the Lone Rock community to know how much we appreciate your generosity.

Local Living Family Center
